I have noticed there is no tab for the original version of this song, the one brave Italian partisans sang during their days of militancy in the Resistance against Nazis and fascists, so I decided to submit one myself.

Bella Ciao means a lot to my country (Italy, of course) as it's widely known as the most famous anti-fascist hymn ever sung. However, it has become a symbol of freedom and resistance all over the world, it has been translated into several languages and played in different situations and places. That's why I think non-Italian speakers too could (and should) enjoy this. We don't exactly know who wrote it, and that makes the whole thing even more powerful, I believe.

As to Italian speakers... the lyrics change according to the website you check, I just tried to put the ones that sounded most right/nice to me.
